A NEW YOU

This body exfoliation on our premier wet table consists of a gentle massage using salts or salt scrubs that are selected specifically for you. This is then followed by a nurturing rinsing and cleansing using a hand held shower head and body soap. This luxurious treatment is completed with yet another massage application of heated oil or lotion.

Refresh your skin with a soothing, rehydrating and relaxing wrap that incorporates the cooling and calming benefits of lavender, aloe vera and tea tree oils. The service is completed with a massage using a rose hip rehydrating lotion that comforts and protects the skin.

Any service of an hour or more comes with a complimentary 10 minute steam or sauna.

Therapeutic massage is one of the oldest and most basic forms of healing.
